

Just like that shirt you bought a few years ago...
Your life insurance policy may not be providing the coverage it used to.

It's time for a **Capitas** policy review.

Why choose The Capitas Policy Review?

Life insurance coverage can change over time. That is why Capitas recommends policies be reviewed every three to five years. The Capitas Policy Review will provide you with:

- a detailed summary of the life insurance policy
- a comprehensive report analyzing the policy
- observations about the policy's performance
- possible options on how to proceed with the policy
- a list of the potential advantages and disadvantages each option presents

For more information, please contact the
Capitas Financial Corporate Office at **(877) 463-1234**.
